A Must Read!! WOW. My daughter and I just got done reading this book tonight. It is about Jack, a boy who is being bullied in school. Author Susanne Gervay brilliantly combined fun humor and brave truth to create a book that MUST be put into all kids' hands!! Over the last few nights of reading this book, we laughed out loud (HARD at times!!), we talked about bullying in an understandable way, and I fought back the tears through half the book. Books are SO powerful...the journey they take us on can change our lives. I am not exaggerating the effect of this book...if you have school-age kids in your life; you will not only want THEM to read it, YOU will also want to! - Tabatha R.

"Before reading Butterflies I thought the only way to be pretty was to be perfect, the hair the face the looks, but it's not true, I read Butterflies in 3 days, I couldn't put it down, it made me really feel good about myself, and think about what it would be like if I was Katherine, she went through a lot and knew in the end that if she didn't turn out perfect, it didn't matter, she learnt to be grateful to be alive and live with her burns. It's was one of the best books I have ever read, thank you for giving me a masterpiece to read." - Mikaela H.
